Looking Ahead

Fall is almost in sight and the specter of once more losing track of my NSP Refresher Guide becomes a reality. (I know I have it somewhere.) I've found that it's better to misplace it early in July, so I have at least six weeks to locate or replace it. From experience, losing it the week before refresher, when every Patroller in the Region needs theirs, is not a good thing. Yes, it seems all is normal and another season is just quietly rolling in.

But it's not normal.

This season in many ways it will be different. This off-season has already been busy for many of the Region Staff. Sue Ellen Helmacy, Barry Worman, Scott Swenson and Steve Keil, all members of the Region Election Committee, deserve our gratitude for their work in amending our NJ Region Bylaws as required by the new Eastern Division bylaws. They are currently developing election procedures for our Region elections this fall.

OEC and S&T staff will continue to be challenged this season with a new line of command that will require a re-thinking of program delivery and staff development.

Steve Devine and the members of the Bike Patrol have, almost weekly, been "venturing to where no patroller has gone before"- off the snow and into our State Parks developing a new venue for NJ Patrollers to serve the public and have fun. (If you're interested in Bike Patrol call Steve or visit nspnj.org for info.)

Harriet has been doing a great job with our Web Page (nspnj.org) and as always, Roger Williams continues to do a great job with the publication of the Patrol Belt in spite of consistent aggravation from the RD.

Please be thinking about the upcoming elections and how you might help NJNSP.

We will be distributing a special Election Edition of Patrol Belt in August.

Stay Safe & Don't loose your Study Guide.
